Hi Josh,

Thanks for your time this afternoon to discuss potential irregularities with the tribal monitor in the 2016 field season. As we discussed, Atlantic Richfield is not sure that the purported irregularities are a cause for concern, but recognize that this is a federal agency decision and not up to Atlantic Richfield to decide the merits of third-hand information. I will get you information about any monitoring needs for remaining work that will be performed in the 2017 field season.

Please let us know if we can be of any assistance.

Best regards,

Connie
